EDUCATION

University of Arkansas, Fayetteville, AR, US

Pursuing Bachelor of Science in Computer Science | Minor in Mathematics | Cybersecurity Concentration

Expected Graduation: May 2027

Awards: University of Arkansas Leadership Scholarship, awarded to students who have demonstrated outstanding academic achievement and leadership potential.

EXPERIENCE

IT - ERP Intern | Simmons Foods | Rogers, AR | June 2025 - Current

- Collaborate with the Master Data Management (MDM) team to manage enterprise data within Oracle Fusion Cloud ERP.
- Trace and map attributes across PLM and PIM systems using XML and Oracle Integration Cloud (OIC).
- Support ERP configuration and data validation tasks, improving data quality and cross-functional efficiency.
- Built Python scripts to automate ERP data generation, applying business logic to create new item codes that streamlined manufacturing and reduced operational costs.

Rink Staff Member | Starlight Skatium | Fayetteville, AR | Nov. 2021 - Dec. 2023

- Served as a core team member for over two years in a fast-paced event and customer service environment.
- Managed safety protocols, music/lighting systems, and coordinated group events and birthday parties.
- Gained strengths in communication, teamwork, and conflict resolution under pressure.

Robotics Youth Team Leader | Haas Hall Academy | Fayetteville, AR | Sept. 2022 - May 2023

- Mentored junior high school students in robotics design, programming, and teamwork.
- Led project planning and STEM outreach efforts that resulted in team recognition and funding.

TECHNICAL & INTERPERSONAL SKILLS

Languages: C++, Java, Python, HTML/CSS, SQL

Tools & Platforms: Oracle Fusion Cloud ERP, Oracle Integration Cloud (OIC), XML, PLM/PIM, Microsoft Excel, Linux (WSL/Ubuntu), Bash, Visual Studio Code, Eclipse

Core Skills: Master Data Management (MDM), Data Mapping, ERP Configuration, Data Governance, Scripting, Problem Solving, Teamwork, Leadership, Adaptability, Communication

CERTIFICATIONS

- **SQL Essential Training, LinkedIn Learning** – Issued June 2025
- **Excel Essential Training (Microsoft 365), LinkedIn Learning** – Issued May 2025

PROJECTS

- **Personal Portfolio Website** – Developed using HTML/CSS (hosted on GitHub Pages).
- **Python Data Automation Scripts** – Developed internal Python tools during IT-ERP internship to automate parsing and generation of structured ERP upload data. Scripts created item codes based on business logic to optimize product hierarchy, reduce manufacturing conflicts, and support cost-saving initiatives across Oracle Fusion Cloud ERP.
